ELD LEVEL 1

American Freedom International ACADEMY

Learn: Connecting Ideas

I like to eat breakfast first **and** then brush my teeth.

- Curriculum aligned with latest ELD standards, including CA 2012, WIDA and TEKS

- Developed by a National Board-certified ELD educator

- Engaging video instruction together with interactive practice exercises

- Downloadable lessons and activity sheets

- Reporting for teachers and administrators to monitor progress

Gain the English Skills Needed to Succeed

Language Tree Online ELD 1 accelerates English language acquisition and helps newcomer students adapt to a new school environment. Designed for beginner students in middle and high school, the program follows the latest California, WIDA and TEKS English Language Development Standards.

- **Standards-Based Language Assessments** – gives educators a clear view of each student's strengths and weaknesses, down to the skill level, for more personalized instruction
- **American School Culture** – supports acculturation and socio-emotional development
- **Standards-based Language Lessons** – covers foundational literacy skills, collaborative listening and speaking, and language function and construction

Students can learn at their own pace and review anytime by accessing the course on any computer or mobile device.

"This program provides our HS and MS newcomers with a high-quality, age-appropriate resource for learning English."

— Edmond Public Schools

COMPREHENSIVE STANDARDS-BASED CURRICULUM FOR EMERGING LEVEL LEARNERS

The Language Tree Online ELD 1 program consists of standards-based formative assessment, three standards-based lesson modules, a summative assessment and a unique acculturation component to help students adapt to school in America.
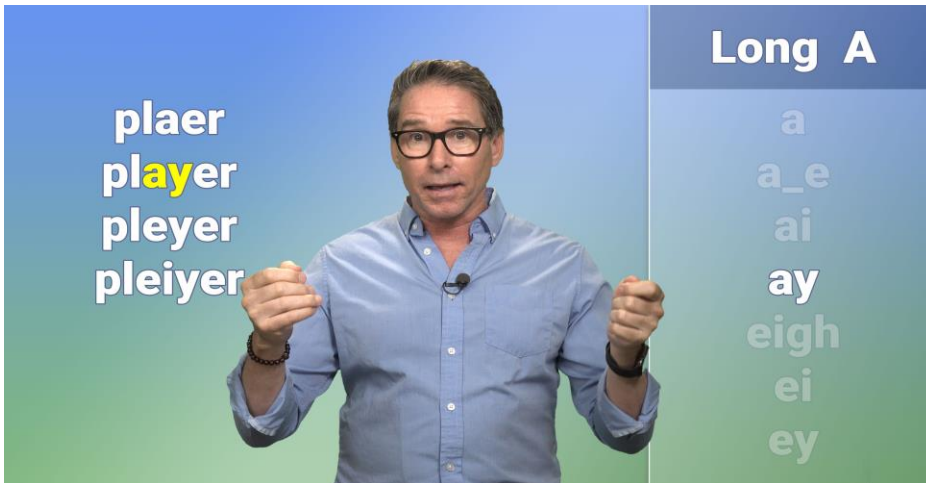

Each online lesson is accompanied by downloadable instructional materials and activity sheets for teachers to use in whole class or small group language practice.

Module	Description
Entry Language Assessment	• Designed to help teachers pinpoint individual student's strengths and weaknesses • 75 Questions – each testing knowledge of a <u>single</u> standard • Equity of access: videos, audio, images and text support
Foundational Literacy Lessons	• 9 Lessons – each covering a standard • Video instruction with online exercises • Downloadable connected lessons and activity sheets
Collaborative Listening and Speaking Lessons	• 12 Lessons – each covering a standard • Video instruction with online exercises • Downloadable connected lessons and activity sheets
Language Function and Construction Lessons	• 7 Lessons – each covering a standard • Video instruction with online exercises • Downloadable connected lessons and activity sheets
Exit Language Assessment	• Designed to measure growth after completion of the course • 75 Questions – each testing knowledge of a <u>single</u> standard • Equity of access: videos, audio, images and text support
American School Culture	• Supports acculturation and development of functional vocabulary • 6 video-based lessons (English and Spanish options) • Interactive exercises • Scaffolded vocabulary builder for each lesson • Downloadable connected lessons and activity sheets

ELD LEVEL 2

American Freedom International ACADEMY

- Curriculum aligned with WIDA, CA and TEKS standards

- Developed by a National Board-certified ELD educator

- Video instruction together with interactive exercises and oral practice

- Detailed reporting for teachers and administrators to monitor progress

Drive Academic Success with Standards-Based Digital Resources

Suitable for distance learning or use in the classroom, Language Tree Online ELD 2 accelerates English language proficiency and supports academic success. This program is designed for intermediate level English learners and LTELs in middle and high school, and incorporates grade-appropriate subject matter content in the areas of social studies, sciences and math. To build a strong foundation in language, the assessments and instructional modules are aligned with the latest WIDA, California, WIDA and TEKS English Language Development Standards.

- **Standards-based language assessments** provide educators with a clear view of each student's strengths and weaknesses — down to the individual skill level — for more personalized instruction
- **Standards-based language lessons** cover foundational literacy skills, collaborative listening and speaking, and language function and construction.
- **Downloadable instructional routines** help teachers structure whole class or small group instruction

Students can learn at their own pace, using a laptop or any connected device.
